

2010 RPIC FEDERAL CONTAMINATED SITES NATIONAL WORKSHOP

FEDERAL CONTAMINATED SITES
SITES CONTAMINÉS FÉDÉRAUX

NATIONAL WORKSHOP 2010 ATELIER NATIONAL

MAY 10-13, 2010 • FAIRMONT QUEEN ELIZABETH HOTEL • MONTREAL, QUEBEC

The 2010 Real Property Institute of Canada Federal Contaminated Sites National Workshop is the leading professional development event for environmental specialists involved in the management and remediation of federal contaminated sites.

THE 2010 PROGRAM WILL FEATURE:

Professional Development Training Sessions on:

- * The Aquatic Site Classification System
- * Project Cost Estimation and Cost Management
- * Federal Contaminated Sites Action Plan Quality Management System
- * Risk Reduction and Closure Process
- * Decision Making Framework for Federal Contaminated Sites Action Plan
- * Guidance and Orientation for the Selection of Technologies Tool
- * Sustainability Evaluation Tool

Over 65 technical presentations covering the following topics:

- * Innovative Assessment and Remediation Technologies
- * Remediation Case Studies
- * Sustainability and Socio-economic Considerations in Remediation Projects
- * Assessment and Remediation in Special Environments
- * Risk Assessment and Risk Management (Ecological and Human Health)
- * Managing Environmental Projects
- * Federal Contaminated Sites Action Plan Updates

Industry keynote presentations including:

- * Closing Mines Opening Minds – Dr. Terry Mudder, Ph. D, Managing Director, TIMES Limited
- * Contaminated Site Assessment and Remediation: Consideration of the American Experience and Implications for Canada – Dr. John Cherry, Ph. D, P. Eng., FRSC, School of Engineering, University of Guelph

Industry site tours that will give participants a behind-the-scenes look at five local facilities and sites.

Poster displays – Abstracts still being accepted!
